

KAISER CRITICISES RUSSIAN ARMY.

One That Fought at Mukden Had
Become Enervated by Immorality
and Drunkenness.

THAT EXPLAINS ITS DEFEAT.

Circumstances Might Arise that Would
Put on Germany Task of Opposing
Yellow Danger.

Berlin, May 11.—Emperor William, addressing the higher officers during a review of troops at Strassburg today, said, according to the Strassburg Reiter Zeitung, whose statements may be taken with some reserve:

"The Russian army, which fought at Mukden had become enervated by immorality and drunkenness. Only in this way can its defeat at Mukden be explained. As Russia has shown weakness in the presence of the yellow danger, circumstances might arise which would place upon Germany the task of opposing this danger. Officers and men must spend their time well so that they shall not fall into immorality and intemperance."

The emperor's speech at the swearing in of naval recruits at Wilhelmshaven March 9, in which, according to the brief report published at the time he called the Japanese as a luminous example of patriotism and soldierly fidelity and of which the Evangelische Kirchen Zeitung of May 8, published an editorial version as explained to the Berlin Neueste Nachrichten by a person present was not intended to be made public. He added that it was also confidential. The officiating clergymen had spoken of the courage of the Japanese in such a way as to permit the recruits to infer that it made little difference in war whether the soldier was a Christian or a heathen. The emperor thereupon spontaneously undertook to correct this impression.

FRANCE GIVES ASSURANCE OF HER NEUTRALITY

Paris, May 11.—A semi-official statement from high sources was published today giving France's position in reply to Japan's charges of breach of neutrality. One of the headings is:

"Japan has done in the Philippines and Dutch East Indies the same as she accuses France of doing in Indo-China."

The conclusions are set forth as being:

"First, the French neutrality regulations were not established for the purpose of war but existed previously without protest from Japan."

"Second, France has exercised her sovereignty to fulfill the regulations not only to the full letter, but has also adopted special measures to maintain absolute impartiality."

"Third, the only direct purchases of coal by the Russians were at Algiers, where the quantity was insignificant. The main stock of coal was purchased in Germany and England without protest."

"Fourth, any advantages which the Russian Second Pacific Squadron obtained by anchoring off the French coast were equally open to the Japanese if they had taken the offensive instead of awaiting the Russians."

Tokyo, May 12, 10 a. m.—France's latest assurance of neutrality ease the situation somewhat but do not remove the deep-rooted popular resentment against her.

The press urges the government to maintain a strong attitude toward France and demand explanations, saying that it is necessary that France explain events between May 3 and May 9.

RUSSIANS AND JAPANESE BOTH CLAIM SUCCESSES.

St. Petersburg, May 11.—Gen. Linovitch, in a dispatch to Emperor Nicholas dated May 9, says:

"Our advanced posts along the line from Polyousche to Rihouza were attacked by the enemy's cavalry on May 7. The Japanese were repulsed. They renewed the attack May 8, but were again unsuccessful."

"On May 9 our cavalry advanced in the direction of the Shakhety mines which were occupied by Japanese, who, in the face of our artillery fire and a turning movement westward of the mines, were obliged to retire toward the village of Sinanzou from which they subsequently were dislodged, retiring to the village of Madipa."

Tokyo, May 12.—The following telegram from army headquarters in Manchuria was officially given out today:

"On the morning of May 9 the enemy, consisting of two regiments of infantry, five companies of cavalry and one battery of artillery made an attack in the vicinity of Yingcheng from the direction of Nanshanhongzi, which is fifteen miles east of Yingcheng."

"At 2 o'clock in the afternoon the enemy made a resolute attack. Under the cover of the artillery fire the

NO PERSON Would Make Such a Proposition to the People of Salt Lake City, as Have Our Leading Druggists, DRUEHL & FRANKEN.

Did you ever know or hear of a person who would offer to return every cent you paid him if he could not build up and create strength and vitality for old people, weak, sickly women and children, and the convalescent, create an appetite, cure stomach troubles, make those who are too thin fat, rosy and healthy, or cure hacking coughs, chronic colds, throat and bronchial troubles?

This is exactly the offer our well known and reliable druggists, Druehl & Franken, make to every person in Salt Lake City.

Druehl & Franken say Vinol is simply the most valuable and delicious preparation of cod liver oil known to medicine. It is the greatest known strength creator and health restorer. It makes the blood rich and pure. It tones up the tired, weakened digestive organs. It strengthens every organ in the body to do its work as nature intended, and wherever it falls they will give back the money paid them for it.

Thousands of unalloyed testimonial letters, which is the best proof of merit any medicine can have, prove its value. We advise every sick and ailing person in Salt Lake City to try Vinol on their premises to return money if it fails. Remember you get it at the stores of Druehl & Franken, also Smith Drug Co.

Drudgery And Worry Sap Women's Nervous Vitality.

There is nothing more nerve wrecking than household duties and the care of children. The drudgery, worry and petty annoyances of the day, and broken rest at night soon exhausts her vitality and she becomes nervous, irritable and restless. If allowed to continue, it ends in Sick, Nervous Headaches, Stomach, Liver and Kidney troubles, and those terrible Periodical Bearing-down pains, which come from nervous exhaustion.

Dr. Miles' Restorative Nervine is a never-failing remedy for such cases. It builds up and soothes the nerves, and brings the sweet, restful sleep, so much needed.

No other medicine is so pleasant or so curative in every case of female weakness, nervousness or general out condition.

Try it at our risk.

Cost refunded if first bottle fails to benefit you.

"I had been sick several years with indigestion and nervous prostration, which kept me almost constantly under a physician's care, and while I had been treated by four doctors, I received only temporary relief. I was very weak and helpless, and unable to attend to my household duties. After reading about Dr. Miles' Nervine, I concluded to give it a trial. The first few doses brought restful sleep at night and an appetite for food. Continuing the treatment, I rapidly improved, and now I am well and able to do all my work."

Also Symptom Blank for our Specialist to diagnose your case and tell you what is wrong and how to fight the Absolutely Proving, Endorsed, Dr. Miles' Medical Co., LABORATORIES, ELKHART, IND.

RUSSIAN JEWS.

Measure is Under Consideration That Will Give Them Relief.

London, May 11.—The Jewish Chronicle today announces:

"We are informed on high authority that important developments may be anticipated in the situation of Jews in Russia. We are informed that a measure is now under consideration which will give unhoped for relief to Jews. Absolute freedom of movement and residence will be granted in all cities and towns but not in villages as the authorities are not willing to run the risk of a repetition of the Kishineff affair."

"We understand that the murder of Jews causes the government more anxiety than of persons of other nationalities because of the reprobation it arouses in Europe."

HOOCH'S TRIAL.

Testimony of a Sensational Character Brought Out.

Chicago, May 11.—Testimony of a sensational character occupied the greater part of today's hearing in the trial of the multi-bigness, Johann Hooch.

Dr. Ludwig Hebbel told of pathological studies of the organs of the dead woman and declared he found no condition of nephritis, such as would cause death.

Among the witnesses of the day was

WHERE HENRY M. STANLEY ONCE TAUGHT.

The cut shows the old schoolhouse at Fort Gibson, Indian Territory, in which the late Henry M. Stanley, the great African explorer, once acted as a pedagogue. It was once the old garrison church, but was subsequently converted into a schoolhouse. Fort Gibson, the oldest town in the territory, has been the temporary residence of many notable persons. General Hazen and his bride, now the wife of Admiral Dewey; General Zachary Taylor, who was afterward president; Jefferson Davis, General Sam Houston and General Arbuckle were all citizens of the old town, and Irving wrote his "Tales of a Traveller" in a tent on Garrison hill. The school taught by Stanley was a subscription affair patronized by the garrison children.

THE RUSSO-CHINESE BANK AT HARBIN, MANCHURIA.

The cut illustrates one of the sources of the power which Russia has wielded in Manchuria, the great banking concern which has been such a prominent factor in the Muscovite occupation. Harbin has been the principal center of supply for the Russian forces ever since the outbreak of the war, and it is the scene of great activity. It has been called "the Chicago of the east," and the term is not unwarranted. It is situated on a level plain about 500 miles north-east of Mukden. At present it is full to overflowing of the Russian wounded, and every building that can be obtained is converted into a hospital.

Frederick O. Collins, druggist, of New York, Hooch declared when arrested that the poison found in his fountain, "arsenic," was bought at Collins' store. The druggist came to Chicago, armed with the register book the laws of New York require druggists to keep, in which to record the sale of poisons. This book does not show that arsenic was ever sold to Hooch on the date he mentioned, or to any other person answering his description.

The afternoon session was occupied by the examination of Dr. Heikton, who assisted at the last examination of the body of Mrs. Welcker-Hooch. He gave it as his opinion that arsenic had been caused by arsenical poisoning. His cross-examination was long and tedious, but Dr. Heikton held firmly to this declaration.

PRESIDENT'S JOURNEY ENDS Reaches Washington After His Trip of Six Thousand Miles.

Washington, May 11.—President Roosevelt reached home tonight at midnight from his western trip, which he regards as one of the most enjoyable journeys he has taken since he has been president. He traveled about 6,000 miles and passed through 12 states and three territories—Maryland, Pennsylvania, Ohio, Kentucky, Indiana, Illinois, Missouri, Kansas, Indian Territory, Texas, Oklahoma, New Mexico, Colorado, Nebraska and Iowa. Every state and territory in the United States except Florida and Arkansas has been visited by President Roosevelt since he has become president, and it is his intention to accept the hospitality of these states before his term is finished. It is probable he will make a tour of the south before the convening of Congress in the fall of this year.

The demonstrations at every point where the president spoke are said by the official members of the party to have been the heartiest that have ever been accorded him on any trip.

The president left the train immediately after it rolled into the station. He shook hands with the train employees, newspaper men and others who greeted him. Then with Dr. Lambert he stepped into his carriage and was driven to the White House.

ARMOUR CAR LINES.

Testimony of Complainants in Investigation Completed.

Chicago, May 11.—Testimony of the complainants in the investigation of the affairs of the Armour car lines by the interstate commerce commission was concluded today and, as the respondents stated that they had nothing to say, the commission announced that briefs should be filed by the complainants within 15 days and by the respondents within 20 days. The arguments will be made before the commission in Washington.

Several witnesses were heard by the commission today, and to compare the charges of the Northern Pacific lines for being with those of the Armour lines. H. P. Ober, manager of the perishable freight traffic of the Northern Pacific, was put on the stand and examined by R. S. Powell of the Western Fruit Jobbers' association. Mr. Ober testified that the cost to his company for being averaged from \$1.10 to \$1.75. He declared that the average charge for being cars and numerous railings was \$25 per car on shipments of fruit from western points to St. Paul when the company's own cars were used.

When the Armour cars were used, however, he said, a charge of \$25 was made, and the extra \$10 went to the Armour people in addition to the rental charges made by the Armour lines. In concluding his testimony, Mr. Ober said that his company only charged shippers of fruit the actual cost for the being of the cars.

A BAD MAN.

John Hewitt Kills Wife, Shoots Her Brother and Sister, Suicides.

Valdosta, Ga., May 11.—John Hewitt, a white man of Adel, shot and killed his wife today, shot her sister and brother, wounding them slightly, and when surrounded by a posse of citizens, shot and killed himself. Hewitt's mind had been affected by ill-health.

THE SECRET OUT!

Why It Stands Alone.

THE one medicine for the cure of woman's peculiar weaknesses and ailments, the ingredients of which are printed on the wrapper of every bottle leaving the great Laboratory in Buffalo, N. Y., where it is made, is called

Dr. Pierce's Favorite Prescription.

IT STANDS ALONE not only in respect to its ingredients, but also as the only specific advertised remedy for woman's diseases which absolutely

CONTAINS NO ALCOHOL.

IT STANDS ALONE as the one medicine for women, the makers of which take their patients fully into their confidence and tell them exactly what they are taking. This Dr. Pierce can afford to do, because his "FAVORITE PRESCRIPTION" is made of such ingredients and after a working formula that has hundreds of thousands of cures to its credit placing its merits above criticism.

IT STANDS ALONE as Nature's cure for the diseases of women because the earth supplies the ingredients which are as follows:

LADY'S SLIPPER (*Cypripedium Pubescens*).

BLACK COHOSH (*Cimicifuga Racemosa*).

UNICORN ROOT (*Chamaelirium Luteum*).

BLUE COHOSH (*Caulophyllum Thalictrifolius*).

GOLDEN SEAL (*Hydrastis Canadensis*).

With all the recent talk about patent medicines and the determined effort in certain quarters to cast discredit upon all household remedies which come under that head, the fact remains that some of these medicines are so firmly established in popular favor and confidence, have so proved their worth and value, that all the denunciations of bigots can not destroy the people's faith in them.

One of the best known of these remedies is DR. PIERCE'S FAVORITE PRESCRIPTION, a medicine which for years has been accepted by the people as a standard preparation for the cure of those ailments to which women alone are subject.

DRIFTING TOWARDS BRIGHT'S DISEASE

Many people who are neglecting symptoms of kidney trouble, hoping "it will wear away," are drifting towards Bright's Disease, which is kidney trouble in one of its worst forms.

FOLEY'S KIDNEY CURE

stops irregularities, strengthens the urinary organs and builds up the worn-out tissues of the kidneys so they will perform their functions properly. Healthy kidneys strain out the impurities from the blood as it passes through them. Diseased kidneys do not, and the poisonous waste matter is carried by the circulation to every part of the body, causing dizziness, backache, stomach trouble, sluggish liver, irregular heart action, etc.

If you have any signs of Kidney or Bladder Trouble commence taking FOLEY'S KIDNEY CURE at once, as it will cure a slight disorder in a few days and prevent a fatal malady. It is pleasant to take and benefits the whole system.

How to Find Out.

You can easily determine if your kidneys are out of order by setting aside for 24 hours a bottle of the urine passed upon arising. If upon examination it is cloudy or milky or has a brick-dust sediment or small particles float about in it, your kidneys are diseased, and FOLEY'S KIDNEY CURE should be taken at once.

G. B. Burhans Testifies After Four Years.

G. B. Burhans of Carlisle Center, N. Y., writes:

"About four years ago I wrote you stating that I had been entirely cured of a severe kidney trouble by taking less than two bottles of Foley's Kidney Cure. It entirely stopped the brick-dust sediment and pain and symptoms of kidney disease disappeared. I am glad to say that I have never had a return of any of those symptoms during the four years that have elapsed, and I am evidently cured to stay cured, and heartily recommend Foley's Kidney Cure to any one suffering from kidney or bladder trouble."
